

GP CHEMICALS

Technical Data Sheet

PC 99.5%		
Product name	Propylene carbonate 99.5%	
CAS No.	108-32-7	
UN No.		
ENS No.	03-572-1	
Specifications	Appearance	Clear transparent liquid
	Purity	99.5%min
	Color	30max(Hazen)
	Water	0.1%max
Use / Application	Propylene carbonate can be widely used as a solvent for taking off decarbonation in petrogas, oil field gas, petroleum pyrolysis gas as well as feed gas of synthetic fiber; Additionally it can be used as perfect medium of lithium cell in battery industry and as a solvent of polymer in macromolecule industry	
Packing	in 250kg/drum 20'fcl=80drums=20mt
